SPECIFICATIONS

Andet	:	supports 4K (3840×2160) at 120Hz and 24 bit colour depth supports 5K (5120x2880) at 60Hz and 30 bit colour depth supports 8K (7680x4320) at 30Hz and 24 bit colour depth
Stik	:	Guldbelagte stik forhindrer korrosion og sikrer kontinuerlig, god forbindelse mellem stik. Anvendelse af 28 AWG tykke kobberledere minimerer tab af signal. Stikket har en mekanisk lås, som sikrer, at stikket ikke falder ud ved f.eks. rystelser.
