

Fiber tester - all in one. Tests fiber cables for throughput losses. For SFP modules. For 4 wavelengths.

FEATURES

Fiber Tester. Measures how much loss there is in a fiber cable at the selected wavelength
3 x SFP ports (2 x Light Source, 1 x Power Meter)
SFP modules included:
650nm FP SC SFP
850nm VCSEL SC SFP
1310nm FP SC SFPT
1550nm FP SC SFP
FiTs Meter Module SC 850/1310/1490 / 1550nm
Purchase remote module TEST-FIBER-PM for measuring on mounted fiber cables

SPECIFICATIONS

USB	:	USB-A Mini (USB-A til USB-A Mini 1 meter medfølger)
Porte	:	3 x SFP
Strømforsyning	:	5V via USB
Temperatur	:	0-50°C
Dimensioner	:	135 x 80 x 20mm
