DANBIT

Environmental measuring station for industry and outdoors. CO CO2. Temperature and humidity, APP, MODBUS RTU/TCP, RJ45, RS485

FEATURES

CO2 - CO - temperature - humidity
Industrial / outdoor robust environment-measuring station
LCD color display
CO2 0-9999 ppm - electrochemical sensor
temperature of -20 - + 50 ° C, humidity 0 to 100% RH
dewpoint measurement based on the temperature and moisture
Up to 450,000 logs with date and time stamps
Web-based configuration interface
APP: iOS APP and Android APP, powerful software
DCON, Modbus RTU / TCP and MQTT protocols
RS-485 / Ethernet / PoE
Relay output for local alarm or building management
power supply: PoE and 12 - 48VDC ca. 3.5Watt
IP43 sealed enclosure (CO2 + temperature sensor)
Dimensions: 211 x 130 x 70 mm
DIN or wall mounting bracket
