Restsalg: Mini ITX hovedkort QM57 rPGA988

FEATURES

- Kompakt all-in-one blæserløst bundkort med Intel Atom processor
- eller til nyeste cpu typer Core i3/i5/i7 og mulighed for Intel Vpro.

A photograph of an Intel QM57 Mini ITX motherboard. The board is green and populated with various components. At the top, there are four SATA ports. Below them, there are two memory slots. The central processor is a large, black, square chip. To the right of the processor, there are two more memory slots. At the bottom, there are several connectors, including a USB port and a FireWire port. The board is shown from a top-down perspective, highlighting its compact design and the arrangement of its components.

Kompakt all-in-one blæserløst bundkort med Intel Atom processor eller til nyeste cpu typer Core i3/i5/i7 og mulighed for Intel Vpro.
